ABOUT OUR COMPANY

At Textile Bridge, we provide high-caliber Quality Assurance and Textile Inspection services for Home Textile & Bedding Industry.

Our lead inspectors are professionally trained by SGS, with inspection protocols closely aligned to SGS standards. From AQL sampling to defect classification, every evaluation is carried out using globally accepted quality benchmarks—ensuring accuracy, consistency, and confidence in every inspection.

OUR ROLE

We do not act as a trading company.

We act as your local Quality Control & Sourcing Inspection Partner in Pakistan, providing independent on-ground support to safeguard product quality and supplier performance
